LIGHTHOUSE

Like the amazing Portofino landmark that inspired it, the LIGHTHOUSE Collection serves as a beacon to anyone searching for fresh design and innovative looks. From its precariously picturesque position on rocky cliffs that jut into the ocean, the Portofino lighthouse offers a unique vantage point of the shoreline, and the beautiful effects the shifting weather has upon the sea and sand. Expanding upon the Portofino Collection color palette, these 2 x 10 glossy wall tiles add character to any space. Flat and relief pieces, known as stairs after the steps leading to the top of the lighthouse tower, are ready to elevate any design.

Transforming spaces and the way you feel within them.

Al igual que el increíble hito de Portofino que lo inspiró, la colección Lighthouse sirve como un faro para cualquiera que busque un diseño fresco y una apariencia innovadora. Desde su posición pintoresca y precaria en acantilados rocosos que se adentran en el mar, el faro de Portofino ofrece un punto de vista único de la costa y los hermosos efectos que el clima cambiante tiene sobre el mar y la arena. Ampliando la paleta de colores de la colección Portofino, estas baldosas brillantes de 2 x 10 para paredes agregan carácter a cualquier espacio. Las piezas planas y en relieve, conocidas como escaleras por los escalones que conducen a la cima de la torre del faro, están listas para elevar cualquier diseño.
